As an end-of-the-school-year treat, the students in Mr. Halsey's class are putting on a short play for their parents! In the first act of the comedy, each of five girls (Ally, Becky, Molly, Norma, and Tess) plays a young apprentice witch (Hortense, Lucretia, Magdalene, Persimmon, or Tabitha) who is learning a different lesson on her way to becoming a sorceress (one is perfecting her cackle). From the following clues, can you match each girl with the witch she plays and the lesson her character is learning?

	Hortense	Lucretia	Magdalene	Persimmon	Tabitha	Cackle	Cauldron	Fly	Potions	Spells
Ally										
Becky										
Molly										
Norma										
Tess										
Cackle										
Cauldron										
Fly										
Potions										
Spells										

1. Becky doesn't play either Hortense or Persimmon.
2. Persimmon isn't the witch who is learning how to mix potions and Hortense isn't the one who is learning how to use the black cauldron.
3. Molly, Becky, and Norma are playing the characters of Hortense, Persimmon, and Tabitha, in some order.
4. Ally's character isn't Lucretia.
5. Molly's character, who isn't Hortense, isn't learning how to use the black cauldron, and Ally's character isn't learning how to fly.
6. The characters played by Becky, Molly, and Norma are learning how to use the cauldron, how to mix potions, and how to cast spells, in some order.
